## Additional information

**Income assessment:** all recipients of the government funded home care package program are required to complete an income assessment.

This can lead to you being required to co-contribute to the assigned package.

- If you have NOT completed an income assessment, please call Services Australia on **1800 227 475**.
- You have 56 days to find a provider (from the date on the package assignment letter).
- If you require an extension, you will need to call My Aged Care on **1800 200 422**.

You may want to do the self-assessment on the My Aged Care portal: [www.myagedcare.gov.au/income-and-means-assessments](http://www.myagedcare.gov.au/income-and-means-assessments)

### **What happens after I post the form?**

Services Australia will send you a pre-commencement letter to confirm if you need to pay an income-tested care fee. When you choose a provider, they will ask to see this letter so they can include this fee type in your Home Care Agreement. If you're already receiving a Home Care Package, you and your provider will receive a fee advice letter.
